

Dear Mr. Wu,

USCID: 8843-1932-03

Your application for admission to the University of Southern California has been received and reviewed. We are pleased to inform you that you are academically eligible for admission to the Fall 2015 semester as a graduate student majoring in Computer Science (Game Development), leading toward a Master of Science. However, **your application is not yet complete.**

Federal immigration regulations require all international students to demonstrate proof of ability to pay tuition and living expenses for themselves and their dependents (if applicable). You must therefore submit an **affidavit of financial support and a copy of your passport**. If applicable, please also submit passport copies for each of your dependents. (This is necessary only if your dependents will be travelling with you and are planning to apply for an F-2 or J-2 visa.) **These documents must be received and approved before your official USC letter of admission can be issued.**

If your studies are being privately financed, in whole or in part, you must submit both a bank letter and a letter from your sponsor (if not yourself) promising support for one year. If your home government or an external agency is sponsoring you, we require a current letter addressed to USC specifying the terms of your award and the amount of funding you are due to receive. Please click on <http://www.usc.edu/admission/graduate/international/financialsupport.html> to see detailed guidelines for submitting financial documents and determining the financial support expenses for your program.

If you are receiving a fellowship or scholarship from USC, please request that your department submit your award documentation to the Office of Graduate Admission, if they have not done so already. Please note that students receiving full funding from USC are required to submit only a copy of their passport.

Finally, if you are currently on another non-immigrant visa and wish to remain so for the duration of your study at USC, please notify us via email.

You can submit your financial documents and passport copy to **usci20@usc.edu** by clicking on the financial document submission button within USConnect, or you can fax them to +1-213-821-3725. Please be sure your attachments are in PDF or JPG format and are smaller than 10MB, otherwise the email will not be received. Your USC ID number should be clearly written on your documents.

We highly recommend submitting your documents at your earliest convenience so that you may complete the certification process in a timely manner and receive your I-20 or DS- 2019.

Sincerely,

Office of Graduate Admission  
University of Southern California
